HALEY IS APPOINTED

To Succeed James Nevin, Yesterday Removed From Office

RENO, July 3.—Late this afternoon Governor Dickerson stated that he had appointed James Haley, one of the owners of the Reno Reveille in which he is associated with John Considine, to fill the vacancy caused by the removal of James Nevin from the office of State Revenue Inspector. It was understood up to the time that the Governor would not fill the vacancy at least until after his return from the Democratic convention at Denver but the announcement was made public by the Governor late this afternoon.

Yesterday afternoon Governor Dickerson declared the office of Bullion Tax Collector of the State occupied by Jas. Nevin, vacant and removed Mr. Nevin from office. The removal takes effect immediately and today the state is with a bullion tax collector.

Incompetency and failure to perform the duties of his office are the grounds for the action taken by the Governor.

The removal of Nevin from the office will come as a surprise to many although to those on the inside it will occasion no great surprise. Nevin was asked for his resignation some time ago but refused to resign and the Governor, after waiting a reasonable length of time let drop the official axe and removed the bullion tax collector from office. No appointment to fill the vacancy has been made and it is barely possible that the office will remain vacant for the balance of the year at least.

The removal of Nevin is the outcome of the attacks of a number of attacks by papers of the eastern part of the state who have charged him with incompetence and neglect, they claiming that he has not visited the various mining districts in accordance with the duties of his office, and that he has in many other ways been careless and neglectful.

The office of bullion tax collector was created by the legislature of 1905 and the appointment of Nevin was made by the late Governor Sparks, who was a warm personal friend of Nevin. An effort was made to abolish the office at the last regular session of the legislature but the attempt failed, mostly through the efforts of the late governor and other warm friends of Nevin.

The position carries with it a salary of \$2,000 the year and traveling expenses.

SERIOUS TRAIN WRECK

KNOBLOSTER, Kan., July 3.—The fast California special train from St. Louis on the Missouri Pacific railroad collided with the equally fast St. Louis train from Kansas City two miles east of here at 5:30 o'clock this morning. Nine persons were killed, all on the train from Kansas, and at least 50 were injured.

CONTINUANCE IS GRANTED

In the Case of F. A. Vincent Charged With Forgery

This morning at 10 o'clock F. A. Vincent the member of the police force appeared before Justice of the Peace Folsom to answer to a charge of forgery he having forged a check of \$50 using the name of another member of the police force.

When arraigned Vincent asked for a continuance until such time as he could secure witnesses and employ legal counsel in the case.

No objection was raised by prosecuting attorney Woodburn and the case was continued until one week from today.

NOTHING DOING

Owing to the scarcity of finances the state shoot at Reno to-day has been called off the local team having been notified to that effect. The shoot was to have taken place at Moana Springs but neither the carnival nor the management of the resort cared to put up the money to secure the prizes and trophies.

Another shoot has been arranged for next Sunday, when the pigeons will be used.

LEAVES FOR DENVER

Governor Dickerson was a departure for Reno to-day where he will spend the day. At 9:10 this evening the car carrying the Nevada delegates to the Democratic National Convention at Denver will be attached to the Overland Limited and the Governor and party will start on their journey to the Convention City.

FORMER RESIDENT DEAD

George M. Smith, former editor of the Genoa and Gardnerville Courier passed through this city yesterday on his way to Genoa with the remains of his wife, Mrs. Carrie Smith whose sudden death occurred at Reno on Wednesday. The funeral took place in Genoa today. Both Mr. and Mrs. Smith are well known in this city where they resided at one time.

BIDS NOT OPEN

The bids for the erection of the Governor's mansion were not opened today as scheduled owing to the fact that all the members of the Board of Capitol Commissioners were absent from this city. No action will be taken until Governor Dickerson returns from Denver.

SHOULD TAKE WARNING

People of this city are becoming careless of late and a number of horses and cattle are roaming the streets. The City Marshal wishes to call attention of the owners of this stock to the fact that unless this practice is stopped they will find them empounded.

STRIKE IN MEXICAN

Is Daily Expected and Three Shifts are Put to Work

Superintendent D. M. Ryan yesterday placed three shifts of miners on the 2200 level of the Mexican to advance in that territory the northeast sill floor drift started in Ophir following the ore vein, which reached the north boundary line of the Ophir last week.

The fact that this drift passed through a high-grade ore body nearly twenty feet in width in Ophir ground and continued in the vein up to the Ophir north boundary line where the face is still in low grade, induces the belief that the development of an important body of more than paying value may be determined in the Mexican at any moment.

Superintendent Ryan goes down in the mine with every shift, which is significant that he considers the probability of finding ore at any time is auspicious. The work is conducted through the C. & C. shaft.—Chronicle.

INJUNCTION MUST STAND

RENO, July 3.—After hearing arguments yesterday in the case of Roxie Henderson vs. The Merchants' and Miners' Bank of Rawhide, Judge Pike denied the motion to dissolve the temporary injunction against the banks.

Gold Hill Mines Closed

A report is in circulation in this city that all the Gold Hill mines with the exception of the Yellow Jacket have been closed down indefinitely and further that the latter mine will cease operations as soon as certain work now under way is completed.

No cause for the new order is known and whether any of the mines on the Comstock will be effected by this new move has not been determined.

WANT GOOD ROAD TO TAHOE

PLACERVILLE, Cal., July 3.—The question of a greater Tahoe road is being agitated here. Since the increase in the auto travel began the question of a better road has been constantly debated. Jones and Jackson have put on a line of autos from here to Lake Tahoe, and the road is also used a great deal by campers.

The state road which begins several miles above here, had its origin years ago in a series of toll roads from Smith's Flat to Lake Tahoe. The franchise of these roads eventually expired and they became county roads but the expense of maintaining the road was so great that the matter was turned over to the state. The road now connects the lake with nowhere. The resorts at Lake Tahoe are assuming greater importance every year and the plan is to induce the state to extend the road from Smith's Flat to Sacramento.

This county has a heavy bill of expenses annually in maintaining its highways, owing to the hilly condition of the country. To construct and maintain such a piece of highway as the case in point demands, would bankrupt the county. Several who have studied the situation are in favor of the project, and it is probable that the Board of Trade will take the

WOULD CAUSE FRICTION

Plot of Parker is Disclosed at Denver But Taken in Hand

DENVER, July 3.—The effort to use a resolution in remembrance of Grover Cleveland as a means of breaking up the Democratic convention at Denver has been exposed in time. Colonel Henry Watterson sacrifices Parker and the Connors and Murphy, Belmont and Ryan factions of the New York democracy, but before he had spoken the plot had been discovered and steps have been taken to prevent the conspirators from achieving success. The idea is to criticize Bryan and the true democracy over the shoulders of the dead president. This will not be permitted. As Watterson puts it "You may defeat us but you cannot debauch us."

The discussion of the possible vice-presidential candidate continues, but the over-shadowing interest in the Parker scheme to introduce an element of friction in the convention has for the moment put all other questions in the background.

Johnson and Gray managers still contend that Mr. Bryan will not be nominated on the first ballot, but the overwhelming strength of Mr. Bryan is apparent to everyone else. At present it looks as though the nomination had virtually been made for the Bryan count of instructed delegates far exceeds the required two thirds.

Reno Police Officer in Fight

RENO, July 3.—Chief of Police Burke and U. G. Persing, manager of the Overland Barber shop had an altercation last night over the position of a bootblack stand and the chief ordered that Persing take it from the sidewalk. Hot words followed when the argument Persing called Chief the argument Burke called Persing a liar. The latter reiterated by the remark "your another" and the chief knocked the man to the sidewalk.

The courts will probably be called upon to settle the matter as Persing is about one half as big a man as the officer and considers that he has been injured to considerable of an extent.

CARNIVAL EXCURSIONS

How the Trains Will be Run to the Reno Celebration

On tomorrow the Virginia & Truckee railroad company will run two special trains for the benefit of the people along the line of the road who wish to take in the big carnival at Reno.

The first special will leave this city at 8:45 in the morning and returning will leave Reno at about 4 o'clock arriving here shortly after 5 in the evening.

The second special will leave this city at 7 o'clock p. m. and returning will leave Reno at 11 o'clock.

Besides these specials the regular trains will accommodate people who desire to go on them. The fare for the round trip will be \$1.50.

The reports from Reno state that the biggest crowd in the history of the city is in attendance and that everything for the entertainment of the guests is being done. The street illuminations is one of the features of the big time and those who have seen the city illuminated are loud in their praise of the beautiful sight.

It is expected that everyone who can will visit the riverside town tomorrow to help celebrate the anniversary of the nation's birth and the city will be practically deserted.

ROGERS SYNDICATE'S LUCK

GOLDFIELD, July 3.—With but nine more days and nights to run the Rogers Syndicate lease is taking out \$10,000 to \$15,000 worth of ore daily at the remarkably low expense of \$700. Assays yesterday of over 2 feet of ore went \$200 to \$800.

Up to date the lease has produced \$600,000 and has already paid dividends of \$245,000. It is expected the total amount produced will by July 11th when the lease expires, reach \$750,000.

MOYER CHARGES A PLOT

GRAND JUNCTION, Colo., July 3.—President Charles H. Moyer of the Western Federation of Miners who is attending the trial here of Steve Adams, declares that there is a conspiracy to involve Federal men in a quarrel during the Fourth of July celebration at Telluride for the purpose of giving excuse for their deportation. He urges all unionists to remain home on that day.

STATE LOSES IN U. S. COURT

In Water Fight But Will Take it Into the California Courts

Judge Van Fleet of the federal court at San Francisco has decided that the federal court has no jurisdiction in the suit for a restraining order to prevent the Floriston Pulp and Paper Company from dumping their refuse into the Truckee river the source of Reno's water supply.

The case has been thrown out of the federal court but Attorney General Stoddard who is in San Francisco at the present time states that he will take the case into the courts of California and fight the paper company to the finish in order that they may be restrained from polluting the waters of the Truckee.

The case has been before the courts for the past four years without anything definite being accomplished with the exception that the paper company has been restrained from using the river as a dumping ground while the case has been pending in the federal court at San Francisco.
